Spire Healthcare awarded Health Care Staffing Services Certification from The Joint Commission

(Atlanta, GA April 8, 2024) – Spire Healthcare has earned The Joint Commission’s Gold Seal of Approval® for Health Care Staffing Services Certification by demonstrating continuous compliance with its performance standards. The Gold Seal is a symbol of quality that reflects a health care organization’s commitment to providing safe and quality patient care.

Health care staffing firms place temporary staff in organizations that direct or provide patient care. Health Care Staffing Services Certification demonstrates Spire Healthcare’s efforts to address how qualifications and competencies of staff are determined, placement of staff and how their performance is monitored.

Spire Healthcare underwent a rigorous onsite review on April 4th. During the visit, a Joint Commission reviewer evaluated compliance with related certification standards including credentialing requirements, contract standards and implementation, and performance improvement measures. Joint Commission standards are developed in consultation with health care providers, patients, and industry experts.

“Health Care Staffing Services Certification recognizes health care staffing firms committed to striving for excellence and fostering continuous improvement in patient safety and quality of care,” says Ken Grubbs, DNP, MBA, RN, executive vice president of Accreditation and Certification Operations and chief nursing officer, The Joint Commission. “We commend Spire Healthcare for using The Joint Commission certification process to reduce variation in clinical processes and to strengthen its clinical program to drive safer, higher quality and more compassionate care for individuals served.”

“This certification demonstrates our commitment to operational excellence and attention to the details which matter most to patients, facilities, and travelers. I’m thankful for The Joint Commission extending this to healthcare staffing companies so we can demonstrate our commitment to serving the healthcare industry in the most reputable manner.” – Michael Jacoutot

###

Founded in 2013, Spire was created by Michael Jacoutot, the son of a former ICU RN. Our journey began with a simple yet profound vision: to represent the pinnacle of what healthcare staffing should be. The name 'Spire' embodies our essence. Just as the spire of a skyscraper reaches for the skies, we aspire to raise the bar for healthcare staffing and integrated workforce solutions.
